02. Improve Library Facilities: During FY 2017-2018 and FY 2018-2019, improve infrastructure to provide better technology services, continue to make progress on branch renovations and expansions detailed in the Library Master Facilities Plan, and develop a life-cycle building replacement program.				Seek funding for the Northeast Regional Library: Funding is being pursued which will finance the design and construction of the Northeast Regional Library.	LFPL received the State Construction Grant for NE, 207,390 for debt service payments. Metro Government provided \$9.5m for construction FY 2017-2018 and we will request the additional \$3.85m in FY 2018-2019 for construction completion.		
				Make progress on St. Matthews addition: Complete renovation/update project at St. Matthews branch during FY 2017-2018 and FY 2018-2019.	Initiated.		
03. Develop Library Staff Skills: During FY 2017-2018 and FY 2018-2019, improve the ability of staff to meet patrons' service needs by increasing opportunities for and participation in professional development.				Identify and promote independent learning opportunities: During FY 2017-2018 and FY 2018-2019, identify and promote independent learning opportunities and outside trainings: 1) through in-house training, who will attend 200 hours; 2) through offsite training, who will attend 200 hours.	Between 7/1/17 and 2/14/18 LFPL staff have attended 140 hours of in-house training on topics from Writing Book Reviews, Resume Help, Resources to serve Patrons experiencing homelessness, Providing Youth Services and Immigrant Services Panel discussion with community leaders. LFPL has been able to send several staff to conferences since 7/1/17 totally more than 104 hours of training hours. Conferences included KLA and YALSA. We are currently accepting applications for staff to attend KPLA in April. Additionally, in December 2017 35 employees completed KDLA's Public Library Institute which is considered the equivalent of a 3 hour college class.		
				Implement job-specific safety training program: During FY 2017-2018 and FY 2018-2019, in collaboration with Metro Human Resources Dept. staff, and using data compiled during recent audits of different positions at the library, a safety training program will be designed and implemented.	Work is still being done on the training material needed for each position. Progress will pick up in the next quarter.		
				Update Policy and Procedure Manual: During FY 2017-2018 and FY 2018-2019 the Library Policy and Procedure manual will be updated and current and new staff will be trained on proper policies and procedures that pertain to their job duties.	The policy and procedure process is still being reviewed for all departments. Changes will be approved and published to all staff in FY 2017-2018 and FY 2018-2019.

04. Increase security of network: During FY 2017-2018 and FY 2018-2019, resources will be focused on improving network security through a combination of improving hardware and software updating cycles, securing wireless access and eliminating antiquated systems.				Improve hardware replacement cycle compliance: Development and implement a process for scheduled replacement of outdated hardware using guidance from KDLA Public Library standards and the Edge Initiative.	The replacement process has been developed and implementation is underway. Public and Staff computer replacements are on schedule to comply with the established replacement timeline by the end of FY 2017-2018.			
				Increase percentage of software compliant PCs: Using a software update plan and baseline standards, increase the percentage of computers in production that are compliant with the current software build standard. During FY 2017-2018 and FY 2018-2019 increase by 25%.	Software compliance is now calculated based on both OS updates and application updates. On schedule for 50% overall compliance by end of FY 2017-2018.			
				Implement secured wireless: Transition public and staff wireless service to secured service at all locations.	In research and development stage.			
				Upgrade exchange server: Migrate existing mail service from server running Exchange 2010 to serving running Exchange 2016.	Replacement Exchange server is online with a small number of mailboxes currently operating on it.			
				Implement branch server replacement cycle: During FY 2017-2018 and FY 2018-2019, begin regular, ongoing procurement of branch servers at a rate that will allow a 4-to-5-year refresh cycle.	Budget has been analyzed to assess number of servers that can be purchased in current fiscal year. Plan is to move forward with 3-4 servers.			
				Upgrade Bosch access control system at Main: Replace existing control panel and database workstation. Enable remote access to all Bosch scan pass locations.	Panel at Main has been replaced. Database has been moved to a server. Remote access to all Bosch systems (Main, South Central Regional Library and Southwest Regional Library) has been enabled.

<p>10. Create Visible Programs with High Appeal: During FY 2017-2018 and FY 2018-2019, provide programming that captures the attention of the larger community and raises the awareness of the library in the local consciousness.</p>				<p>Provide 12 "Authors at the Library" programs in each fiscal year: The "Authors at the Library" program is a series of events featuring nationally-recognized Authors appearing at the Library for free, ticketed events that typically include a presentation by the author, question-and-answer discussion opportunities, and a book signing.</p>	<p>9 "Authors at the Library" programs have been offered as of the end of January 2018.</p>		
				<p>Produce the 2018 and 2019 How-to-Festivals: During FY 2017-2018, attract 95 presenters and over 3,000 attendees to the 2018 How-to-Festival. During FY 2018-2019, attract 100 presenter and over 3,000 attendees to the 2019 How-to-Festival.</p>	<p>Production of the 2018 How-to-Festival is in process.</p>		
				<p>Produce the 2018 and 2019 GonzoFests: During FY 2017-2018 and FY 2018-2019, reach 1,000 attendees each year.</p>	<p>Production of the 2018 GonzoFest is in process.</p>		
<p>11. Adapt to the Changing Publishing Industry: To increase the library's capacity to encourage reading and support lifelong learning by statistical analysis of current usage and increasing and reallocating resources as indicated.</p>				<p>Implement CollectionHQ: CollectionHQ software will help evaluate the usage of the existing library collection so that data-based selection decisions can be made, and will assist in solving imbalances in the collection created by the "floating" of library materials.</p>	<p>Collection HQ has been implemented. It is being used to analyze the state of the collection and its use. We have a test scheduled for the transfer tool which will allow us to rebalance the collection.</p>		
				<p>Create an Overdrive replacement ordering process: Develop a systematic plan for decisions on reordering metered access titles in Overdrive using Overdrive statistics, print statistics and series information.</p>	<p>Continue to make decisions on repurchase of books as they expire. We continue to add as many Penguin Publishing books as we can based on metered access expiration and sales that have been offered.</p> <p>As of 6/8/2016 we have not had enough data sets from collectionHQ to give us informative information on our eBook collection.</p>		
				<p>Make consistent use of readers advisory features of online platforms: Regularly update portal pages on the OPAC, Overdrive, One-Click Digital and Zinio.</p>	<p>Inactive ZINIO magazine subscriptions were moved to the bottom of the alphabetical list, after the active subscriptions.</p>

<p>12. Make Room for Storage of More Books: Increase capacity for the number of items in collection and improve the appearance of shelves to help meet state standards and increase circulation.</p>				<p>Evaluate usage of shelf space at branches: Look at current usage of shelf space at branches and plan for new usage at Northeast Regional Library to identify creative solutions to find space to shelve more items.</p>	<p>Created shelf allocation spreadsheet to determine where items are currently shelved. Worked with Design and Construction team and installed shelving at new South Central Regional Library. Completed new remote storage area at Shawnee Library. Continuing to work with branch managers to maximize capacity of existing shelving and to add new shelving as needed. Working with Facilities to remove wooden spinning racks and replace with metal shelving.</p>		
				<p>Maximize added shelving space in new and existing locations: Look for ways to maximize the shelf space being added when libraries are renovated, expanded, or built.</p>	<p>As of 2/14/18 the remote storage area has been completed at Shawnee to store Children and Teen material overflow. Additional shelving was added at Middletown and Jeffersontown. We are currently examining Crescent Hill regarding adding additional shelving at that location.</p>		
				<p>Clear unusable items from stacks storage at Main Library: Resolve long term status of uncatalogued items shelved in stacks area at Main Library to free up space for shelving items in Main overflow collection.</p>	<p>Work on the 3rd level stacks is near completion. Unusable items have been cleared and Book Discussion Kits are being moved. Items we need to retain or identify other institutions to offer them to have been moved to another floor. This will open up approximately one side of this floor. Work has now begun on the 6th level stacks of uncatalogued magazines.</p>
